MGI Overview

Among the greatest of all great services that can be possibly rendered by Man to God Almighty is EDUCATION, Modern Group of Institutions runs Senior Secondary English Medium Schools (Registered under the Indian Society Registration Act) & Professional Colleges. The Schools are Affiliated to Council for the Indian School Certificate Examinations, New Delhi and Central Board of Secondary Education, New Delhi. The Professional Colleges are Approved by UGC, New Delhi, NCTE, New Delhi, AICTE, New Delhi, PCI New Delhi, INC New Delhi & NCVT Delhi, and are Affiliated to UPSMF, Lucknow/ Bundelkhand University, Jhansi/SCERT, Lucknow /BTE, Lucknow / SCVT, Lucknow & APJAKTU, Lucknow.

It started way back in 1981 to impact Education in English Medium with a team of Dedicated Teachers at Lalitpur. Today our Faculties are well Qualified and Equipped to Provide Students at all levels the Best in Education. The all-round holistic approach has the ideal mix of Academics, Art, Sports and Extracurricular Activities which are Globally rated. Students are trained to be Resourceful, Confident and Independent Learners, fully prepared to make the most in their lives.

Be Ambitious Be Modernite

Founder's Message

"Education is an Instrument of Empowerment to equip our people to help them become economically independent and self-sustaining."

Education is one of the most important factors for the progress of the society and nation. It is one of the best means to build a healthy and wealthy society. We know that our society has a lot of shortcomings like communal hatred, violence, oppression, corruption and so on and so forth.

Therefore, it becomes our utmost aim to impart not just academic knowledge to our students but inculcate in students the wonderful ideas of love and compassion, service and sacrifice, honesty and hard work, sense of responsibility, respect and regards for our elders, humility and above all have faith and trust in God.

Today the greatest need of our country is to have loving, honest and dedicated people who will illuminate this country with their knowledge and understanding. Our need is to have good and inspiring leaders. Today's students will grow up to be tomorrow's leaders.

Students are just like a block of marble, it is the sculptor who chisels and gives shape to the marble block, polishes it and converts it into a beautiful piece of art. If students are given right directions, opportunities and encouragement they will certainly shine in future.

Hence, we at our institution, The Management and Staff together with parents have the responsibility in attributing meaningful education to students and help them to stand out in whatever field they choose.

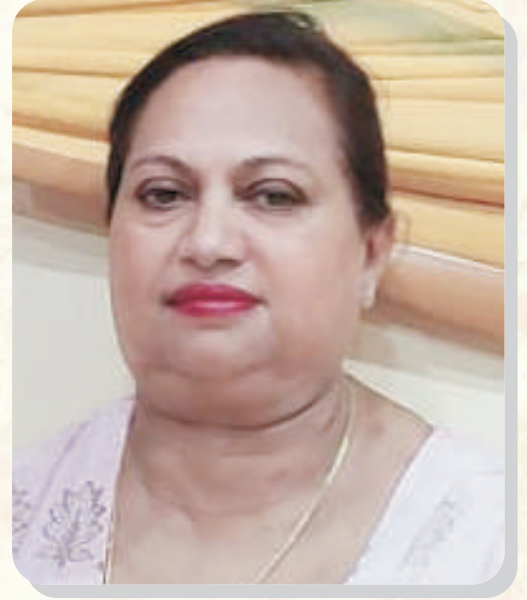

My personal supervision and encouragement will always be for the entire staff and students of this institution and hope we shall be able to transform this nation into a great and the best place on earth.

May Love, Peace and Harmony always be with us and everyone.

We at MGI have always believed in "A building with four walls with tomorrow inside."

Capt. A. Vishwanathan

Founder Chairperson's Message

The journey of Modern Group of Schools has been marked by Great Vision, Perseverance and Constant endeavours towards better education facilities. The journey that began with five rooms and handful of teachers has grown from strength to strength. I am grateful for all support and guidance given by Eminent Visionaries and elders of the family.

In our institutes we have always kept abreast latest trends in higher education, introducing innovations with aim of empowering students constant upgradation, creating student friendly curriculum, organizing various workshops for students and teachers and holding various seminars from time to time. For Schools, with both the CISCE & CBSE Boards in hand we are able to give the best to our students. We also strive continuously in improving Moral Values to students and it is our duty to inculcate Value Education too.

For our student's better future we have ventured and successfully established a vivid buffet of professional courses to give our region World Class Education, Locally!

Love, Peace and Harmony are the basic ingredients for any society. These aspects are having been forgotten in this "Make Believe World". Many Great Leaders of our country, sages and saints have preached the importance of values.

Let us spread the message of Love, Peace and Harmony everywhere and commit ourselves to follow it. I firmly believe in "An Investment is Knowledge Pays the best Interest"- Benjamin Franklin. An exciting journey that began 40 years ago continues to get exciting each year. God Bless!

Mrs. Shanthi Vishwanathan

Chairman's Message

“Education is for improving the lives of others and for leaving your Community and World better than you found it”

Education is the most powerful Tool to bring desirable changes in our personality and also to bring positive changes in our society. It is the only medium which enables you to move from darkness to brightness.

Dear friends, I strongly believe that, there can be no better way to drive and improve our Nation's Prosperity and social economic well-being than through its Education System. I also believe that, technocrats are the key to continued economic and technological advancement of our country.

I would take this opportunity to urge you all to focus on all round development. You should always have your education laced with Morality and Ethics. This task has to be taken over by the academicians to provide Value and Ethic based education. You should all remember that, “Honesty is the first chapter in the book of Wisdom” and we should inculcate honesty and integrity in all what we do.

I earnestly hope and trust that, my esteemed Academicians and Budding Technocrats will work with sincerity, honesty and dedication and thereby contribute to make this world a better place to live in.

Through this we ensure that our students excel not only within the education system but in the real world as well, allowing our students to “Arise, Awake, and Ascend”

Dr. Rohin Vishwanathan

Vice-Chairman's Message

“The key recipe for achievement of success consists of four essential ingredients-Choose a career you love, give it the best within you, seize your opportunities, and be a member of the winning team.”

Keeping in view the glorious prospect visualized by our leaders, thinkers and educationists, it is felt that the students should be provided by an assortment of amenities. To succeed in the global market, organization will need to evaluate innovative strategies that capitalize in each and every sphere of life and the upcoming consumer demands. The principle of education is to bring grade of knowledge & awareness and to enjoy life in a well-ordered conduct.

We are dedicated to do so by providing an assortment of courses, which are vibrant, self-motivated and dynamic in personality. Making a pyramid for all courses, in which a learner gets flexibility of enduring advanced education in his own pace and convenience.

Modern Group of Institutions envisages a pinnacle organization contributing excellent tutoring, which integrates humanism, progress, bravery and condor. Its extensive vision is to serve as a catalyst and an agent of change to turn a comprehensive education in and around Gwalior constituency towards integration, which prove itself in each and every bubble of knowledge floating around. As man can't be alienated from the values and so is the education. Value education has been the concern of Indian society from the prehistoric times.

Value education will concretize the students and the masses against the evils and this will make the society and the nation awakened. We welcome all those who allocate our vision, goals and purpose to assemble a new cadre of management professionals, who will partake enthusiastically in the enlargement of this epoch of economic liberalization and globalization. Come; let us bring together a flourishing new India. With all the best wishes, I welcome you all!

Mrs. Anshita Vishwanathan

Mrs. Anshita Vishwanathan

Managing Director Message

It gives me immense pleasure in welcoming you to MGI, Jhansi, which not only provides you with opportunities to expose your talents but also gives you a conducive environment to develop your personality.

The institution has come a long way since its inception in the year. —Technical Campus. It is always dedicated and determined to flourish and blossom its students with advanced technological aspects in their respective field by providing them State-Of-the-Art laboratories to convert their obtained theoretical concepts from their research-oriented faculty into experimental outcomes. Our motive is to not only prepare our students as technocrats but to make them ideal people who can serve the Society and the Nation with utmost regularity and responsibility.

Excellence like Computer Centre, Central Library & R&D Cell & MTLIC Centre. The 7 undergraduate courses include Engineering, Computer Application, Pharmacy, Business, Administration,, Post-Graduate Programs for regular MBA & MBA Integrated. Besides academics, it takes keen interest in giving the students hand-on experience of industries through industrial visits and international trips.

We at MGI technical campus, aim at delivering not just the highest quality of Technical Education to its students through an Interactive, Learning-Oriented Environment, State-Of-the-Art Infrastructure, Cutting Edge Laboratories and well-qualified, dedicated faculty members but also through a Holistic set of life skills that will groom students to face the industry in the years to come.

A graduate from MGI is a finished product ready to take on the competitive world with not only deep Academic Insight and Technical Know-How but also armed with Values and Ethics that help in grooming a well-rounded personality. There can't be a Better Time for New Beginnings. All the Best.

Mr. Apoorv Shukla

Secretary's Message

Higher education is the touchstone by which the progress of a nation is measured in today's times. As the country stands poised on the brink of an exciting future, higher education is as important as administrative policy. Today, the society, the academia and the industry need to stand together and share their commitment, enthusiasm and expertise in order to create a responsible, progressive and skilled citizenry. In keeping with this very spirit, Modern Group of Institutions has been focusing on providing all-round, relevant and comprehensive education to students for the last three decades in an environment that impresses upon ethics, values and mutual respect.

Whenever I am asked to define education, the following quote always comes to my mind “The whole purpose of education is to turn mirrors into windows”. Education is the fountainhead of growth, progress and development in any part of the world. Its contribution has been responsible for upliftment of the society, in shaping the moral fibre of the student community and contributing to the nation's well-being by producing the bright minds of tomorrow.

We at the MGI have structured an effective and holistic education system in a way that prepares the students to be an effective and efficient workforce and make the best use of the opportunities that the industry sends their way. The curricula of the various colleges under the MGI are designed to keep pace with the ever evolving and dynamic trends and challenges of the industry today. The courses offered by our colleges not only enable the students to develop a gamut of skills but also apply them to real-world problems, thus fast-tracking their careers. The processes of teaching, training and evaluation follow the modern Gurukul system which makes the education system at MGI in sync the latest trends in technology and commerce. Education, thus, rather than being lecture oriented, didactic and traditional, is more student-driven. We at Modern Group of Institutions have a vision: “We don't just polish stones, we carve them”.

In this day and age where parents as well as students constantly worry about studies, the relevance of it, the quality of guidance and the learning environment, as well as the wholesomeness of the living environment, we at Modern Group of Institutions firmly believe that the best of each of these worlds is present in our beautiful, 15-acre campus. I invite you all, dear students, to walk through our gates to feel the positivity vibrating in the atmosphere at Modern Group of Institutions, and join us in making it a truly world-class institution. Wishing you all the very best in all times to come.

Mrs. Ratna Vishwanathan (Shukla)

The Unique Advantages of MGI

- ◆ Best Teacher Student Ratio
- ◆ Online Classes/Online Assessment/24x7 E-Care Facility
- ◆ TechNext Smart Classes Facility/Creative Cultural Teaching/ Webinars/Seminars/Personality Development & Counselling
- ◆ Technology Enabled Classrooms/Global Standards of Teaching/Creative and Passionate Teachers
- ◆ Well Equipped Science and Computer Labs/ Etiquettes Teaching/ Syllabus Designed By Subject Experts
- ◆ Modern Transportation/CCTV and GPS to Ensure Hassle Free and Secure Transportation
- ◆ Modern World Class Infrastructure/Environment Friendly and Green Ambience
- ◆ 100% Board Result/Modern Facilities for Academic Presentation
- ◆ Powerful and Serene Ambience/Water Coolers/Medical Facilities/Elevators/ 24 hrs Security/ CCTV Monitoring
- ◆ Annual Concert, Sports Day, School Fate, Exhibition, Literary & Creative Competitions
- ◆ Library with 20,000+ Books/Auditorium with Sitting Capacity of 500 Students
- ◆ Best Audio-Visual Setup/Overhead Projectors/Touch Screens
- ◆ Imparting Adequate Knowledge/Equipping the Prospective Teachers with Necessary Pedagogic Skills

Sports Facilities

Sports training at MGI is imparted to the students in order to inculcate in them a feeling of Sportsmanship, Team Spirit, Self Discipline and a Spirit of general well-being.

Every student participates in a Sports Activity of his/her choice. A well defined syllabus for each sport of their choice enables them to pursue with interest, the game of their liking.

A competitive spirit coupled with Self Discipline and sound health, forms the motto of our Sports Activities. Inter class, Inter house and Inter School Competitions are organized on regular basis to inculcate a healthy competitive spirit. Sports events like Athletics, Gymnastics, Volleyball, Basketball, Table Tennis, Taekwondo, Gymnasium, Yoga and Cricket form an integral part of the sports curriculum of the school.

Inter House Championships help to generate a healthy competitive spirit between students, A sense of competitiveness, Brotherhood, Discipline, Positive Attitude and very importantly, the fact that Losing is as Significant as Winning.

Inter School Events are powerful instruments of exposure for students at individual and team level in different stages.

Many Modernites participate in Championships on National and even International level, the exposure to which enables them to enhance their skills and confidence. Outstanding students get a chance by selection from these tournaments to represent 'India' in the National Team and are also encouraged to represent MGI at International Platforms.

Cultural Events At MGI Azura

Scholarship-cum-Fast Track Admission for Programs after 10+2

Scholarship for Programs after Graduation

As Per Government Norms

Anti-Ragging Measures

As per the recommendations, the Apex Court has said that ragging is unacceptable and must be deterred by exemplary and harsh punishment.

Ragging in any form is strictly prohibited in the MGI Campus. Any case of abetment to ragging physically or psychologically, humiliation, violation of decency and morals, and any other offence which could be construed as ragging will be viewed extremely seriously by Anti- Ragging Committee in Campus and strict action would be taken against those found guilty. This is based on the Honorable Supreme Court of India's ruling and UGC regulations on curbing the menace of ragging in higher education institutions, 2009.

Our Institute has taken efforts to be free from this menace because of the active cooperation of the faculty, students, parents and staff. We also continually make an effort to free our campus from all kinds of toxic substances.

In our Institute if any student is found indulging in any activity, which comes in the category of ragging, then he/she becomes liable to any or all of following punishments:

- Suspension or expulsion from the hostel or the Institute,
- Withholding of results,
- Debarring from representation in events,
- Withholding scholarships or other benefits, or
- Anything which the Disciplinary Committee finds suitable as per the enquiry conducted.
- FIR to be filed with Police on receipt of complaint

As per the Report of the Raghavan Committee on ragging, constituted by Honourable Supreme Court of India, it is mandatory for the institutions to get an undertaking from students as well as parents of all the students of first year stating that they/ their ward would refrain from any activity leading to an act of ragging during his/ her course of the entire programme which he/ she is enrolled into and is aware of consequences of such an act, as mentioned above.

Transportation

All Schools Buses are equipped with GPS Tracking Devices

"Excellence is not a singular act but a habit. You are what you do repeatedly"

With this belief, a set of guidelines in the form of rules and regulations are framed for the students, which are followed by them religiously and adopted as their way of life. These guidelines act as the refining fires helping the students to emerge as confident, promising and polished individuals.

1. All students must come to the school/College on time. The late comers may not be allowed to enter the school.
2. The bell before the assembly is a signal for the students to go to the assembly. As soon as they are back in their classes, the students should get their books and note books ready for the first period. They should also maintain perfect discipline.
3. Change of classroom between periods should be done in silence and in an orderly manner.
4. Non-Sikh boys should get their hair cut at regular intervals. Colouring/ Dyeing hair and wearing of ear pins/rings is strictly prohibited.
5. Shouting or whistling is not allowed in or around the School/College building.
6. Other than text books or library books, no books, magazines or papers should be brought to the School/College without prior permission of the Principal.
7. It is not advisable to bring to School/College valuable articles like expensive watches, fountain pens, transistors, radios, tape recorders, camera, mobile phones or any electronic gadgets and jewellery etc. The School/College is not responsible for any article lost.
8. Care must be taken of the School/College property and no one is allowed to scratch or spoil the desks and chairs or damage any School/College furniture, write or draw anything on the walls or in any way damage any article belonging to others.
9. Damage done even by accident or mistake should be reported immediately to the class teacher, class captain or to the Principal/Vice-Principal/ Headmaster/Headmistress.
10. Any damage done to the School/College property will be made good by the concerned student together with a fine money imposed for such an offence.
11. Any student who notices something damaged should report to the teacher even if he/she does not know who has done it.
12. No student should bring any weapon or sharp articles to the School/College
13. All students should greet their teachers whenever they meet them. No student should use any foul language against any teacher, visitor or guest of the School/College.

14. The School/College reserves the right to terminate any student whose progress in studies is unsatisfactory or whose conduct is a bad example for other children.
15. Bringing fireworks/bursting or extending any kind of support for exploding crackers or splashing water or colour in the School/College premises or outside in the vicinity of the School/College is strictly prohibited, even during festival time. Non-compliance of these instructions can result in expulsion from the School/College.
16. Students must come to School/College in neat and clean uniform only. This rule applies even when they come to School/College for any purpose other than attending classes or even after School/College hours. Scribbling on uniform or its improper wearing is punishable.
17. It is compulsory for students to wear lab coat/apron during practical periods in Chemistry, otherwise student(s) will not be allowed to do practical and simultaneously a fine of 100/- only will be imposed.
18. Photograph in School/College uniform only will be accepted for attestation, use in Identity Card or to be printed in the School/College Bulletin.
19. For availing the services of Medical Room, a student is supposed to get written permission (except in exigency) from the concerned Subject/Class Teacher in his/her Almanac.
20. Any kind of gathering/celebration in the classroom/canteen or anywhere in or around School/College campus is not allowed.

ATTENDANCE, LEAVE RULES AND WITHDRAWAL

1. Every student must have atleast 80% attendance to appear in the Half Yearly or the Annual Examination. Those who fail to fulfill this criteria will be debarred. Request from the defaulter in this regard will not be entertained. However, a prize for 100% attendance is awarded on the basis of the total attendance in an academic year.
2. No re-examination will be held for the student who remains absent in the Half Yearly, Annual Examination.
3. No student will be allowed to leave the School/College campus during the School/College hours. However, in case of emergency, the parent/authorized guardian as per "Parent's Declaration" should come to School/College with an application explaining the reason to take the ward.

4. A clear calendar month's notice is required before a student is withdrawn from the School/College.
5. Transfer Certificate will not be issued until and unless all the dues of the School/College are settled.
6. A Student can be asked to leave the School/College on the following grounds:
 - (a) Indiscipline
 - (b) Unsatisfactory progress in work
 - (c) Repeated detention in the class.

ACADEMIC MISCONDUCT

Damage and/or Destruction of Property: Engaging in the intentional, reckless, and/or unauthorized defacement, damage, or destruction of Institute property or the property of another
Disruptive Behavior

1. Failure to Comply – failure to comply with the reasonable request made by the institution.

2. Interference with a Institute Process or Procedure – Behavior that disrupts, disturbs, impairs, interferes with, or obstructs the orderly conduct, processes, and functions of the Institute or the rights of other members of the Institute community.

3. Academic Environment Disruption – Behavior that disrupts, disturbs, impairs, or interferes with the orderly conduct, processes, and functions within a classroom, laboratory, or other academic environment.

4. Institute Event Disruption – Behavior that disrupts, disturbs, impairs, or interferes with the orderly conduct and processes involved in a Institute event.

5. Disruptive Behavior– Behavior that the person knows or should have known will disturb, alarm, anger, or provoke others or constitutes a breach of the peace, including, but not limited to, unauthorized or unlawful assembly, or engaging in public fighting.

6. Fire and General Safety

a) Breaking the Plane – Throwing, dropping, or releasing any object out or off of a Institute building or vehicle without express authorization by a Institute.

- b) Failure to Follow Emergency Procedures – Failure to follow emergency procedures during an actual emergency or drill.
- c) Falsely Reporting an Emergency – Making a false report regarding an emergency including, but not limited to, a bomb threat, a fire, or other emergency
- d) Fire, Explosion, or Other Safety Hazard – Intentionally or recklessly causing a fire, explosion, or other safety hazard including, but not limited to, blocking emergency exits
- e) Fireworks, Hazardous Chemicals, or Explosives – Unauthorized possession of or use of fireworks, hazardous chemicals, or explosives
- f) Interference with or Misuse of Emergency Equipment – Tampering with, damaging, disabling, interfering with, or misusing emergency equipment including, but not limited to, fire alarms, fire doors, fire extinguishers, fire sprinklers, fire hoses, the Shocker Alert system, or an emergency call box
- g) Harm and Endangerment :

1. Physical Violence – Engaging in behavior that intentionally or recklessly causes physical harm including, but not limited to, scratching, biting, pulling, throwing objects, pushing, shoving, punching, slapping, spitting, pinching, kicking, or holding another against their will.

2. Threats – Engaging in behavior, written or verbal, that causes a reasonable expectation of injury to the health, safety, or well-being of any individual, student group, or student organization; or damage to property. This behavior includes implied threats or acts that cause another individual a reasonable fear of harm. Threats may occur via written, electronic, verbal, or any other form of communication.

3. Harassment – Engaging in behavior that is severe, pervasive, or persistent to a degree that it interferes with a reasonable person's ability to work, learn, live, participate in, or benefit from the services, activities, or privileges provided by the Institute.

4. Endangerment – Engaging in behavior that endangers the health, safety, or well-being of any individual, student group, or student organization by posing a risk of physical or emotional harm and/or creating hazardous conditions.

5. Falsification of Records/Documents – Forging, altering, or misusing any record or document including, but not limited to, medical documentation, letters of recommendation, transcripts, contracts, financial aid forms, receipts, test results, admissions applications or other materials, transfer documents, or applications for residency classification.

Misrepresenting Self, the Institute or Another Misuse of MGI's ID card or other form of identification, or permitting another to use your identification for unauthorized purposes.

- ◆ Students who travel to the institution by vehicles should have a copy of their driving license, Insurance and Registration. Those who travel by two-wheelers must wear helmet and abide to all Traffic rules of the City. Wearing seatbelt if during a care is Madatory.

Modern Group of Schools

Among the greatest of all great services that can be possibly rendered by man, is the education of the children.

Modern Group of Schools runs English Medium Schools (registered under the Indian Society Registration Act). It has schools affiliated to the Council for the Indian School Certificate Examination, New Delhi and Central Board of Secondary Education, New Delhi.

The all started way back in 1983 to impart education through English medium with a team of dedicated teachers in rented premises in Lalitpur. The Schools are founded by Captain Arvind Vishwanathan and Mrs. Shanti Vishwanathan.

Mrs. Shanti Vishwanathan came to Lalitpur where she didn't find any English medium school for her son, so she thought to open a English medium school in Lalitpur so with help and support of her husband Captain Arvind Vishwanathan she started the school in April 1983 in a rented five rooms premises with a bunch of teachers. Firstly the teachers used to teach in the school and then after school they used to get training from her in English language to have good command over English. The school had good response in the first year itself as it was the first English medium school in Lalitpur and the saga continued.

The Group today boasts of having one of the most upcoming schools in Jhansi District and Lalitpur District.

Modern Public School, Lalitpur Since, 1983 Affiliated to Council for the Indian School Certificate Examinations, New Delhi and is running classes Pre-Nursery to XII (Maths, Biology & Commerce)

Modern School, Jhansi, Since 1991 Affiliated to Council for the Indian School Certificate Examinations, New Delhi and is running classes Pre-Nursery to XII (Maths, Biology & Commerce)

Modern Public School, Jhansi, Since 2005 Affiliated to Central Board of Secondary Education, New Delhi and is running classes Pre-Nursery to XII (Maths, Biology & Commerce)

Modern Public School, Lalitpur

Modern Public School, Lalitpur was established in 1983 and is affiliated to Council for the Indian School Certificate Examinations New Delhi and is having classes Pre-Nursery to XII with Science, Math's and Commerce streams. It is setup on a vast area of 10 acre of land, away from city pollution and in natural clean and quiet environment at Jhansi Road, Lalitpur.

All the class rooms are large, well ventilated and student friendly. It has a smart class room in every floor. The school follows the ICSE Curriculum and the syllabus is enriched by feedback work sheets and subject integrated projects. Emphasis is laid on learning through application. A rich program of co-curricular activities in sports, dance, music, art, drama and hobby classes run parallel to academic curriculum. To promote healthy competition among the students, the school has a house system.

All the important festivals are observed in school with fun and gaiety, which create feeling of brotherhood and nationalism among the students. All religions (Sarva Dharma) prayer is held every Saturday during the assembly to inculcate secular values thus creating respect for fellow human beings and all creatures.

To help children to build their personality and to apply their abilities according to the inner laws of growth, we create circumstances whereby the children can find opportunities to find expression for their talents. To help them to imbibe the spirit of leadership and to reshape the future of the country so as to make it a happier place to live in. To make them disciplined, courteous, devoted and respectful.

The process of learning that we advocate and follow begins with initially training our young learners to organize themselves. Then comes automatic inspiration of progress which enables them to dive into the oceans and fly high into the skies. Ours is a system which makes the children learn independently adhering to the ideals of love and respect propounded by our own Indian Philosophy. The children are like living clay, and it depends on their mentors as to what shape can be rendered unto them. This moulding and creating of a beautiful mind, to watch it grow, the unfolding of their mind petal by petal to its full bloom, adds to the amazement and the teachers are forever excited to share this amazement with the parents. We know that the parents are all set to hand over their children, with full confidence in us, to make them better individuals who would together herald a change for a better world. And here we are aware of the tremendous responsibility that the school as well as the teachers carry on their shoulders to offer all they have in this happy process of "Nation Building"

Principal's Message

The journey of Modern Public School has been marked by great vision, perseverance and constant endeavours towards better education facilities. The journey that began with five rooms and handful of teachers has grown from strength to strength. I am grateful for all support and guidance given by eminent visionaries and elders of the family.

We at our school have always kept abreast latest trends in education, introducing innovations with aim of empowering students constant up gradation, creating students friendly curriculum, organizing various workshops for students and teachers and holding various seminars from time to time. With the CISCE Board in hand we are able to give the best to our students. We also strive continuously in improving moral values to students and it is our duty to inculcate value education too. Love, Peace and Harmony are the basic ingredients for any society. These aspect have been forgotten in this make believe world. Many great leaders of our country, sages and saints have preached the importance of values.

Teachers need to deal with individual differences in order to make learning easier. Success of a nation depends on education of its people. Education has to be at the core of national development of education system as it lays strong foundation for further learning. We often admire, appreciate, envy and are also awestruck at people who have climbed heights and reached the desired summits. But we, remain in oblivious to the amount of hard work or labour put in by the individuals to reach the desired goals & heights. One shall never repent hard work, toil and labour. "In a changing world, only the adaptable stay ahead. Everything is in a constant state of flux. Make adaptability one of your constants & welcome the NEW. Importance to the Non Scholastic areas in students' life has always been part of the curriculum of all DPSs and now with the implementation of CCE (Continuous and Comprehensive Evaluation) scheme by CBSE it is surely going to make a major difference in our perspective towards this.

Parents need to devote quality time with their wards. As parents, we need you to develop a close rapport with the school & the teachers, in order to smoothen the ups & downs in the child's development. Let us all contribute to the all round development of the child & be enriched with learning experiences. I hope that Session 2019-2020 brings each one of us joy, cheer, good luck, health & wisdom. True to our motto 'Service Before Self', let us serve others willingly, graciously & selflessly. Let us not expect anything in return for our service, because there is greater pleasure in giving than in receiving.

Let us spread the message of love, peace and harmony everywhere and commit ourselves to follow it in the third millennium. We at "TRY EVER, GIVE UP NEVER" .An exciting journey that began 35 years ago continues to get exciting each year. God Bless.

Mrs. Grace Vishwanathan

Modern School, Jhansi

Affiliated to CICSE, New Delhi

Modern School was inaugurated on April 1991 in Jhansi. The School provides Pre-Nursery, & Kindergarten with congenial ambience with colourful, vibrant, spacious, well furnished classrooms and activity rooms. It is child friendly, safe, hygiene, purposefully built and beautifully equipped. Major chunk of the teaching process is accompanied with the latest audio visual aids, multimedia and other sophisticated techniques. The entire building is monitored through centrally controlled sound system and closed circuit televisions. The school has regular parent's teacher meetings. The entire school has been divided into playful learning zones. Today the School is proudly running classes Pre Nursery to XII(Maths/Biology & Commerce) - ISC in the Heart of the City. Learning is enabling the individual to utilize his/ her potential to its fullest. Without education, the training of the human minds is incomplete. No individual is a human being in the working world until he has been educated in the right sense. The mind was made to be trained and without education, a person is incomplete in that sense. Education makes man a right thinker and a correct decision-maker. It achieves this by bringing him knowledge from the external world, teaching him to reason, and acquainting him with past history, so that he may be a better judge of the present. Without education, a person is shut up in a windowless room. With education, he finds himself in a room with its entire windows open to the outside world. At Modern School, we provide an environment and curriculum where the child can explore and develop every facet of himself-herself, enabling him/her to realize their true potential. This coupled with a state- of- the -art technology, thoroughly trained and concerned faculty, a plethora of activities for students to engage in -all provide an environment that's both therapeutic and beautiful.

PRINCIPAL'S MESSAGE

MODERN SCHOOL

Education is not mere accumulation of facts; it is preparation of life itself. Education is knowledge imbued with wisdom and ethics. It develops the personality of the students, moulds their character and develops mental skills to help them cope with problems and challenges of the complex world of today. One of the most significant character traits that need to be instilled in our youth during their education is a finely ingrained attitude of service- before-self. The aim is to make them successful not only in life, but also conscious of their duties and responsibilities towards their fellow citizens. It is with this vision that the Modern School was established in 1993 which is a part of institutions set up across the region over the last four decades, offering quality education from Pre-Primary to Post-Graduate levels.

The school exemplify the fact that sky is not the limit in the pursuit of excellence. The aim of our schools is to promote a system of integral education in a congenial child-friendly environment that emphasises the unity of all knowledge, synthesises humanity and sciences and recognises the fact that each child is unique.

We believe that education should enable the students to soar high - morally, socially and spiritually. We believe that our students need to learn that the secret of success and contentment lies in discovering one's own strengths as well as limitations. There is, therefore, every reason to place a renewed emphasis on the humanistic dimensions of education, enabling each person to grasp and appreciate the individuality of others, and to discover one's own self through an inner journey whose milestones are knowledge, introspection and humility.

This should guide educational thinking in conjunction with other holistic objectives. At Modern school, priority is also given to the teaching of critical thinking skills such as reasoning and problem solving, to help our students develop the ability to reach sound conclusions based on observation and information. Our school curricula also allows our teachers the flexibility to adopt innovative methods to stimulate interest and attention among the students and develop in them an appreciation for the values of the past, the excitement of the present and the challenges of the future.

"You don't have to be great to start, but you have to start to be great."

Mrs Anshita Vishwanathan

Modern Public School, Jhansi

Affiliated to CBSE, New Delhi

Modern Public School, Jhansi was established in 2005. It is affiliated to the Central Board of Secondary Education New Delhi, which is the largest education board in the country and is duly recognized by Department of Education, Govt. of NCT Delhi and the Ministry of HRD, Govt. of India.

Life at Modern Public School Centers on a shared commitment to academic excellence, intellectual growth, art, athletics, high standards of ethical awareness, sportsmanship and community service. Depth and variety are added to each student's life by the school's traditions and accessibility to a broad curriculum.

At Modern Public School education is for life, excellent in education and commitment to a meaningful education are of prime importance. Quality education is provided to each and every child. Modern Public School Jhansi believes that love for education should be developed for children in initial years and conditions should be created for them to pursue a positive approach in life.

A unidirectional teaching method is being increasingly substituted by a multidirectional group workshop method. Here the teacher becomes the group coordinator initiating work, nurturing students without expression is emphasized upon. Home assignments are not a carry-over of class work but oriented towards developing individual talents.

At Modern Public School every student is special. The talent, skills and the abilities of each student is identified, nurtured and encouraged to reach greater heights. There is openness and room for parents to participate in the welfare and growth of their wards. MPS provides space for children to think, express, exhibit their skills and also empower them to negotiate several issues that confront them – the teacher being a facilitator. Faculty at MPS is highly dedicated, globally exposed and well-experienced to guide the destiny of the younger generation.

Mission Statement

To create a path-breaking educational institution that keeps pace with the rapid strides being made in the field of knowledge.

That infuses academics with the joie de vivre of the learning experience.

That provides perceptive teaching that awakens the creative and leaderships skills dormant in every individual.

That provides ample opportunities for every student to excel in a whole range of extra-curricular activities, including sport.

That stresses on kindness, generosity and the humanizing power of the individual soul.

For the greater glory of the Nation and in praise of God Almighty.

PRINCIPAL'S MESSAGE

MODERN PUBLIC SCHOOL

"We cannot always build the future for our youth, but we can build our youth for the future."

Franklin D. Roosevelt

These words by Franklin D. Roosevelt perfectly describe our aim at Modern Public School. Beyond providing a sound education, we wish to provide our students a holistic learning experience for life. Our aim is to teach students to LEARN, not just STUDY. Hence, we strive to travel beyond the boundaries of mere books. We have realized that the future is abstract and unknown but the youth in our hands are real and can be moulded.

Dear students, "You are the nation-builders. You are the movers of technology. You are the agents of change." It is our fervent hope that the years that you spend at Modern Public School would enable you to equip with leadership and managerial skills. The knowledge that you will gain, the fine qualities that you will imbibe and the technical skills that you will learn to apply will be your major contribution to your parents, to society, and to the nation.

We invest our trust on you. You are our safe source and we bank all our efforts on you. We create not the future instead we craft you for the future. There are strong challenges to great efforts but, always remember, great effort bears the sweet fruit of success. We want you to taste the fruit of success once and for the rest of your life, you will never rest.

As a premier educational institution, we are known for creating our own benchmarks and elevating ourselves to higher planes. This practice has made our group schools, the centers of excellence. However learning, evolving and effort will never cease.

Mrs. Ratna Vishwanathan (Shukla)

Graduation

Estd : 2016

Affiliation : Bundelkhand University, Jhansi

Approval : NCTE, New Delhi

Phone : 7348550002, 7348550005

E-mail : moderncollegejhansi@gmail.com

Web : www.moderncollege.net.in

Statistics prove that a large proportion of the population skips their graduation degree after completion of high school. A graduation degree is vital because of various reasons-

1. **More earnings:** A person who gets a graduation degree is liable to get a better job and earn more. It's obvious that a person, who is more educated, has a better sense of responsibility and hence qualified to get a better job than just a normal higher secondary pass out.
2. **Job satisfaction:** A graduate has the technical know-how and it is but obvious that he will do the job well according to his knowledge and in turn enjoy his work. This enhances the job satisfaction of the individual.
3. **Health-conscious:** A learned person is aware of his health and knows that what steps need to be taken to live a healthy life. He is conscious of his health and leads a long life.
4. **Responsible citizen:** A graduate is aware of his rights and knows about his responsibilities. He is a citizen who is responsible and a better human being.
5. **A professional relationship:** A person who has a bachelor's degree maintains a good professional network. He knows whom to approach for work and maintain a good cordial relationship with.
6. **Higher goals:** A person with a graduation degree sets higher goals. He dreams big and endeavors to achieve his objectives.
7. **Financial security:** A person with a bachelor's degree knows how to earn to best of his potential and where to invest. This offers him financial security in life.

The bottom-line is a person who is more educated, is liable to get a better job and earn more. He/she is aware of his rights and a better citizen. He/she knows the fundamentals of investment and savings and is financially secure. The person lives a more fulfilled life.

PRINCIPAL'S MESSAGE

Dear Students, Staff and Parents:

I am delighted to welcome you to this academic session. It is needless to emphasize upon the importance of education in career building and in turn the nation. Today education means much more than merely acquiring knowledge. It is acquisition of knowledge and skills, building character and improving employability of our youth talent for future leadership. Creating better human beings' is our motto and we can do that when we are able to mould our students to be good human beings with values which are embedded for life. The college curriculum is oriented to bolster the physical, emotional, social and cultural needs of the students.

We are fortunate to have a valued patronage of Captain Arvind Vishwanathan to have developed an education complex for student's wellbeing. We are also fortunate in having highly committed teaching and support staff to ensure the learning environment of our students is the best. They are committed to provide an overall development that nurtures them towards becoming strong and focused human beings.

In order to achieve the endeavour, we expect from the students to Communicate in a meaningful way for a variety of purposes and audiences; pose questions, examine possibilities, and apply skills to find solutions to authentic issues; collaborate with colleagues to share and discuss exemplary practices and make positive choices related to physical and mental wellness in a collaborative and respectful manner. The refreshing surrounding and congenial atmosphere inside will add to critical and creative thinking to solve problems. Hence, the school atmosphere shall evoke a team spirit amongst the students and teachers with a conviction in achieving goals.'

I wish you all a better learning and successful
Sincere Wishes and Warmest Regards,

Dr. Asad Ahmad

GRADUATION (BACHELOR'S DEGREE)

LEVEL	DURATION	ELIGIBILITY	SEATS
B.A	3 Yrs	10+2	560
B.Sc. (Math)	3 Yrs	10+2 (PCM)	80
B.Sc. (Bio)	3 Yrs	10+2 (PCB)	80
B.Com.	3 Yrs	10+2	80

B.A: The Bachelor of Arts degree is one of the oldest and best-known Degrees in the world. It is popularly known as B.A. which is an abbreviated form of the Arts Degree. A Degree holder in Arts is simply known as Bachelor of Arts. Bachelor of Arts Degree spans over a period of 3 years. A person seeking the Arts Degree needs to study 4 subjects. There is a number of combinations of subjects one can opt for depending upon the availability of choices. The course covers all the related topics for the field and gives rigorous training to the students. The students go through a well-defined study program for their all-round development with subjects like English, Hindi, History, Sociology, Political Science & Home Science etc.

Individuals can pursue a career in different fields after successful completion of their Bachelor of Arts degree. They can become an Economist, Historian, Archaeologist, Educationalist, Philosopher, Political scientist, Personnel manager, Social activist, Public Relation Executive, Psychologist, Sociologist, Philosopher, and Journalist etc.

B.Sc (Biology) : B.Sc. stands for Bachelor of Science. B.Sc. Biology is a Bachelor's Degree program. Technically, it is a Science course! This course is popularly known as 'B.Sc. in' Biology, 'B.Sc. Biology'. After the successful completion of this course, a candidate can work in the medical and healthcare sector. One can even work in the areas of agricultural research, plant genetics research, clinical research, botanical survey, pharmaceutical organizations, hospitals and health treatment centres, biotechnology firms and medical laboratories.

B.Sc (Maths) : B.Sc. stands for Bachelor of Science. B.Sc. Mathematics is a Bachelor's Degree program. Technically, it is a Science course! This course is popularly known as 'B.Sc. in Mathematics', 'B.Sc. Maths'. B.Sc. Mathematics graduates have access to jobs from sectors such as – teaching, banking, finance, IT, research etc. Graduates have excellent employment opportunities (both Government and private) available in front of them.

B.Com : A Bachelor of Commerce, abbreviated as B.Com is an undergraduate degree in commerce and related subjects. The course is designed to provide students with a wide range of managerial skills and understanding in streams like finance, accounting, taxation and management". Bachelor of commerce offers understanding in Accounting, Economics, Business Law, Taxation, Insurance and Management. After completion of B.Com, you can apply in any organization for the post of accountant. Every company requires accountant to keep track the profit and loss of their company. One must have knowledge in areas like Basic Principles of Accountancy, Cost Accounting and Management Accounting to be an accountant. Other than accountant, there are many career options in this field such as economic, business and security analysts.

Principal's Message

We strive for student-centric environment where effective, significant and joyful learning takes place. Our students venture into the world with the strength to excel in their professional aspiration, become great leaders, yet are great contributor to Society.

We strive for student-centric environment where effective, significant and joyful learning takes place. Our students venture into the world with the strength to excel in their professional aspiration, become great teachers, yet are great contributor to Society.

Modern Mahavidhyalaya empowers its students to be critical & organised thinkers and they conform to highest disciplinary standards. We develop values of tolerance, co-operation, compassion, integrity, and resilience.

The Attitude / Aptitude, Skills, and Knowledge (ASK) of each student is identified, nurtured and encouraged College provides students with a podium to think, express, and exhibit/explore their latent talents..

It is our privilege and perpetual challenge to edify our students in classical as well as contemporary models of learning. We provide them a solid foundation in cultural insights of the world.

Our Curriculum and schedules promotes confidence, direction and analytical thinking, to transform young minds into refined, well adjusted, adaptable and integrated personalities.

Our College generates an invigorating atmosphere created by excellent facilities & guidance provided by dedicated faculty. We believe every student is a 'Winner' and emphasize on Personality grooming / development.

I express my heartfelt gratitude to stakeholders of MGI the management, parents, students and colleagues for their unstinted support & commitment in transforming it into "an Institution with a difference".

We the caretakers, facilitators and co- learners, welcome you all to this mindful laboratory of learning- a universe that pulsates with the dreams and aspirations of each pupil that would make a difference to the world we live in, now and beyond!

Prof. Narendra Tripathi

D.El.Ed (Diploma in Elementary Education)

Previous Name: BTC

The Teacher Education Program that leads to the Diploma in Elementary Education (D.El.Ed.) aims to prepare teachers for the elementary stage of education, that is, from classes I-VIII. This phase covers children of 6-14 years for whom education is a fundamental right. The purpose of D.El.Ed. Program is to prepare teachers who are able to gradually evaluate and improve their skills, professional practice as teachers by critically reflecting on it, who can understand that teaching is embedded in the social context of the learners and who can engage with context and subject matter that they will be teaching. The student-teachers will also be familiarized with the modes of inquiry and epistemological frameworks of their subjects, familiarized with how students learn so that they can expand and use teaching methods that are responsive to the learning desires of all their learners in distinct and plural settings of elementary classrooms.

KAMLA MODERN NURSING INSTITUTE

Estd : 2016

Affiliation : UPSMF & ABVMU, Lucknow

Approval : INC, New Delhi

Phone : 7348550001/6/9, 9450086767

E-mail : kmnijhansi@gmail.com

Web : www.kmnijhansi.org

Kamla Modern Nursing Institute, Jhansi, is under the Management of Kamla Modern Society Jhansi[Registered Society]

Next to creating a life , the finest thing that a human can do is to save one. It is one of its own kind in imparting liberal education (intellectual, moral and physical) with a view to broaden/open the minds of the young students and also to promote educational research, training and experimentation for the needs of the country's paramedical/medical science especially in Nursing.

In view of the above, Management has started regular Nursing and Paramedical courses that are affiliated to UPSMF(Uttar Pradesh State Medical Faculty, Lucknow)recognized by Indian Nursing Council, New Delhi.

Kamla Modern Nursing Institute is one of the most modern and well equipped Nursing Colleges in Uttar Pradesh. The Institute occupies own prime land with a beautiful red building on sweeping lush green lawns at Kanpur Road Jhansi. Green surroundings being a part of the Institute campus. The Institute has highly qualified and experienced faculties, the college has well equipped laboratories. The Institute boasts off its parent multi specialty 120-bedded hospital Kamla hospital which is one of the best medical facility available in the district with all modern equipment and best nursing care. It is a great college to study and to have a good experience of practical knowledge.

Principal's Message

Health has been recognized as a fundamental right of all human beings which implies right to medical and nursing care. In the modern era of health conscious society there is a greater need for the highly qualified and trained medical and paramedical personnel especially for Nursing. The management is striving hard to infuse the spirit of service of the founder of nursing care “ Florence Nightingale” both for the ailing and healthy community from womb & every effort is made to groom the nursing students to perform their duties honestly, sincerely, efficiently and with full dedication.

Nursing services is an organized body of knowledge and the art of nursing is the application of that knowledge for the care of people both in sickness and in the health. We instill this aspect into the minds of our students.

Nursing is a profession of dedication, selflessness, hard work and patience so the nurses serve the needy with utmost passion and be a cause in their overall wellness. Here in Kamla Modern Nursing Institute, the students are trained well by the highly qualified and experienced faculty both in the well equipped lecture halls/ laboratories and in the hospitals of repute providing general and specialty services for clinical practice and in the community for imparting health education for promotive, preventive, curative and rehabilitative healthcare.

Our management is contemplating to start post graduate programmes as well as short term courses in various health & medical disciplines especially in NURSING in the near future.

The institution is also trying to develop liaison with institution of foreign countries to benefit the students who are seeking quality education or are seeking job opportunities aboard by providing all sorts of facilities and training required by them to crack IELTS , TOEFL & CGFNS examinations etc.

" I do not teach my pupil, I only provide them opportunities in which they can learn"

Kamla Modern Nursing Institute follows this dictum in Toto.

Hoping well for the prospective candidates

Seeking nursing education

Mr. Robin Joseph

M.Sc. (Psychiatric Nursing)

Infrastructure

There are different classrooms for all the years and also different labs and separate lecture room for B.Sc.N , GNM and ANM students. The Institute has well ventilated classrooms with modern facilities to enhance the presentation of Academic exercise like lectures, seminars etc.

The excellent infrastructure includes Labs, Classrooms, Library, Faculty room, Principal's Office, separate male /female Lavatories for staff and students.

Faculty

The Institute has highly qualified and experienced faculties. They serve as both educators and role models. Most maintain an active practice, introducing students to the challenges of nursing care by bringing real experiences to the classroom.

Library

There is well ventilated and equipped separate library for nursing students well equipped with all modern facilities and can accommodate more than 60 students at a time. The library has 3000+books. Books and journals are Displayed in open racks and glass door cupboards and are arranged subject wise to facilitate easy referring of books.

Class Rooms

There are adequate classrooms with the capacity of accommodating all the students admitted in each class. The rooms are well ventilated and properly lighted. Each classroom has student's chair, chalk boards/whiteboards, lecture stand and furniture.

Laboratories

College of Nursing has the following laboratories, demonstration room and projector room.

There are well equipped Laboratories like

Nursing Foundation Lab

Community health nursing Lab,

OBG & CHN Lab

Medical surgical Nursing Lab

Nutrition Lab

Computer Lab

Multipurpose Hall

College of Nursing has a spacious common hall and it serves as the institutional auditorium whenever required. It is used for social get-togethers/parties etc.

Accommodation

The Institute possesses good and comfortable accommodation for students with all the facilities including round the clock security, entertainment, boarding and mess. Hostel rooms have attached lavatory and safe drinking water.

The institute has a good audio-visual set up with T.V., DVD, CD player, Overhead Projectors, Slide Projectors, Multi-Media Projector with white screen, Sound System, Computers, Charts and Models for the use of the faculty and students.

The Institute possess good and comfortable Hostel for Students with all the facilities including round-the-clock security, entertainment, boarding mess. Hostel rooms have attached bathroom, safe drinking water is available for students.

Modern College of Engineering is located in the Heart of the Historic City of Jhansi, in the state of Uttar Pradesh. The environment is lush green and is surrounded by trees and natural greenery. The buildings in the campus are well planned and ultra modern. It is only 7 km away from Jhansi railway station and about a km away from NH#2. The institute, it will be our Endeavour to impart knowledge and skills to the students in the best Teaching Learning Environment of the College. The students will be introduced to some of the key themes, which will give them an understanding of the basic principles of Diploma Engineering.

Director's Message

It is my great pleasure to welcome you to Modern College of Engineering. MCE has a long-standing reputation in providing professional education.

We are constantly reviewing our set up to update and improve while making sure that students gain thinking skills, analytical frameworks, interpersonal and communication skills which will be advantageous to them in the future. We also ensure to provide students with a supportive and welcoming environment in which they will be encouraged to develop themselves personally and professionally. We prepare students for a bright and positive future in the world of work or of further study.

MCE has highly qualified and dedicated faculties. The laboratories have been setup not only according to the university syllabus, but also with the state-of-the-art equipment. Modern College of Engineering is probably the only engineering college having Research and Development unit specially developed to motivate the undergraduate students towards research activities. Training and placement cell of MCE is active throughout the year. It takes utmost care to place every student in the best place with best package. It also works to bridge the gap between industry and institution by arranging seminars and workshops engaged by the industry experts and academic experts. MCE is a member of many professional bodies which gives the students a vast exposure in the field of technology. The campus of MCE consists of huge class rooms, well equipped laboratories, well designed seminar hall, big auditorium, full-fledged library, computer centre with latest systems, software's and internet facilities, hygienic cafeteria and the pleasant atmosphere. There is an ample of scope in co-curricular and extracurricular activities at MCE wherein the students are encouraged to show their talents. MCE ensures that the students prove themselves to be not only well qualified engineers but also very responsible and ideal citizens of our country.

This prospectus provides a small flavour of the very special atmosphere which makes Modern College of Engineering a unique college to study.

I look forward to welcoming you to Modern College of Engineering.

Er. S K Jaiswal

COURSES AT A GLANCE

Polytechnic Courses (Industry Oriented)	Intake	Duration
Civil Engineering (CE)	60+6	3 Years
Electrical Engineering (EE)	60+6	3 Years
Mechanical Engineering (Automobile)	60+6	3 Years
Mechanical Engineering (Computer Aided Design)	60+6	3 Years
Mechanical Engineering (Production)	60+6	3 Years
Library and Information Science	60	2 Years
ITI (Electrician, Fitter, HSI & Diesel Mechanic)	264	2/1 Years
PG Diploma in Computer Application	60	2 Years
PG Diploma in Hardware Networking	60	1 Years
PG Diploma in Web Designing	60	1 Years
PG Diploma in Fashion Technology	60	1 Years
PG Diploma in Accountancy (Taxation & ERP-Tally)	60	1 Years
PG Diploma in Bio Technology (Tissue Culture)	60	1 Years
NIELIT "O"LEVEL	25	1 Years

DIPLOMA/POLYTECHNIC (A-Group) : 3 Years Course

Eligibility Criteria: Admission is made through JEECUP merit list. Candidates must have passed 10th or its equivalent with minimum 35% marks as per BTE norms.

DIPLOMA/POLYTECHNIC (K-Group) : LATERAL ENTRY 2 Years Course

Eligibility Criteria: Admission is made through JEECUP merit list. Candidates must have passed 12th in Science or 10th with 2years I.T.I. in required subject equivalent with minimum 50% marks.

INFRASTRUCTURE AND FACILITIES

KEY AREAS OF EMPHASIS

- Well qualified experienced faculties in all streams, trained laboratory assistants
- Adequate number of well-ventilated and spacious classrooms
- State-of-the-art laboratories
- Functional workshops
- Modern library
- Girls common room
- Boys common room
- Outdoor game facilities
- Excellent computer centre (in the ratio of 1:1) with latest technology
- Seminar Hall
- Separate hostel facilities for Boys and Girls
- Separate amenities for physically challenged students
- Green field playgrounds
- Filtered drinking water
- Language Lab
- Reprographic facilities
- High speed internet connectivity.
- Value added education
- Commitment to Excellence
- Discipline, sincerity and mastery of skills
- To promote techno entrepreneurship
- To develop synergetic partnership with the industries
- To promote all around development of students and create a sense of social responsibility

DEPARTMENT OF CIVIL ENGINEERING:

The Department offers full time program as per curriculum of Board of Technical Education – Lucknow, U.P. Civil engineering is the broadest of the engineering fields. Civil engineering focuses on the infrastructure of the world which include Water works, Sewers, Dams, Power Plants, Transmission Towers/Lines, Railroads, Highways, Bridges, Tunnels, Irrigation Canals, River Navigation, Shipping Canals, Traffic Control, Mass Transit, Airport Runways, Terminals, Industrial Plant Buildings, Skyscrapers, etc.

Among the important subdivisions of the field are construction engineering, irrigation engineering, transportation engineering, soils and foundation engineering, geodetic engineering, hydraulic engineering, and coastal and ocean engineering. The main emphasis is on Environment & Pollution control related issues.

DEPARTMENT OF ELECTRICAL ENGINEERING:

The Department offers full time program as per curriculum of Board of Technical Education – Lucknow, U.P. Education as a key in the post globalization era can become effective only if it is wedded to the technological advances. The department is adequately equipped to provide requisite technological inputs for the industry and it offers excellent opportunities to its students to work on the latest problems related to the industry.

The manufacturing activities are undertaken in which both staff and students are involved. Emphasis is laid to utilize the man, machines of the department during project work hours (for final year).

DEPARTMENT OF MECHANICAL ENGINEERING:

The Department offers full time program as per curriculum of Board of Technical Education – Lucknow, U.P. The Department offers the latest technology in Mechanical Engineering and prepares the students to take up a career as Mechanical Professional in the field of Design, Sales, Service, Production Maintenance, Quality control etc.

We prepare our students to be readily employable by major Multi National Companies. We teach them the core skills required to take up technical jobs, communication, Team work, self improvement & commitment.

THREE SPECIALIZATIONS ARE:

- Automobile Engineering:** The Automobile Industry today is set for a giant leap forward and this growth is being made in the realm of automotive technology. Our students receive comprehensive training in the areas of production, design, service and maintenance.
- Production Engineering:** is a non-conventional discipline in which special emphasis is laid on subjects related to manufacturing industry. During the three years course, students of this branch study the subject like Production Planning & Control, CNC Machines, Inspection & Quality Control, Tool design, Press Tool & Gauge Design, Industrial Engineering, A Production Technology etc.
- Computer Aided Design Engineering:** is the use of computer systems and software to assist in the creation, modification, analysis or optimization of an engineering design. CAD output is often in the form of electronic files for print, manufacturing or other manufacturing processes.

MAJOR LABS ARE: LABS/WORKSHOPS

- o Applied Mechanics Lab
- o Manufacturing Processes Lab
- o Thermal Engineering Lab
- o Hydraulics Lab
- o Mechanics of Solid Lab
- o Metrology Lab
- o Elements of Mechanical Engg. Lab
- o Automobile Engineering Lab
- o Production Technology Lab

Central Workshop (Mechanical Engineering)

- o Turning shop
- o Machine Shop
- o Welding Shop
- o Smithy Shop
- o Carpentry and Pattern Shop
- o Fitting Shop
- o Sheet Metal Shop
- o Foundry Shop
- o CNC Shop

Scope of Aspirants :Our Aspirants are using their skill in different nearby companies/projects like Parichha Thermal Power Plant ,BHEL,UPJVNL Matatila, BSS Housing Pvt. Ltd and Diamond Cement Factory.

Our Placement Associates :Our Placement Partners are as follows--

DEPARTMENT OF I.T.I

ITIs offer several courses or training programmes in India, which are called as 'Trades'. Each trade focuses on a specific set of skills or industry need. The duration of ITI courses/ trades ranges from six months to two years. The duration of the course depends upon the nature and type of the course. The eligibility criteria for ITI courses vary from one course to another. The general requirements of ITI trades in India are Class X pass or Class XII pass. Rajya Vyaavasaayik Prashikshan Parishad is responsible for conducting ITI admissions in government and private ITIs in Uttar Pradesh. Usually, the ITI admission process in Uttar Pradesh commences in the month of May or June every year. There is no entrance exam for the admission to ITI courses in Uttar Pradesh. More details regarding

Infrastructure Facilities : We have number of rooms to facilitate technical education and practical ability towards students. The quality education of MGI Group prepares the technocrats fully equipped with theoretical and practical support for the students. Two mechanical workshops having 500 sq. ft area approx for 40 -50 class rooms for teaching classes and tutorial classes . We have Electrical lab, Digital electronic lab, Power system lab, Computer lab and having facility to work with working project model. We have audio visual facility and CCTV surveillance facility to monitor the students for quality of education and practical education. We have WI-FI Campus with 100 Mbps internet speed.

DEPARTMENT OF NIELIT

National Institute of Electronics and Information Technology, NIELIT, (erstwhile DOEACC Society) is an autonomous scientific society of the Ministry of Electronics & Information Technology, Government of India. The Society is registered under the Societies Registration Act, 1860. NIELIT was set up to carry out Human Resource Development and related activities in the area of Information, Electronics & Communications Technology (IECT). NIELIT is engaged both in Formal & Non-Formal Education in the areas of IECT besides development of industry oriented quality education and training programmes in the state-of-the-art areas. NIELIT has endeavored to establish standards to be the country's premier institution for Examination and Certification in the field of IECT. It is also one of the National Examination Body, which accredits institutes/organizations for conducting courses in IT and Electronics in the non-formal sector. Over the last three decades, NIELIT has acquired very good expertise in IT training through its wide repertoire of courses. These courses are as under. 'O' Level (Foundation) – NSQF aligned course at Level 5. The objective of the Scheme is to generate skilled manpower in the area of Information Technology (IT) and Electronics at the national level by utilizing the facilities and infrastructure available with the institutions/organizations in the non-formal sector.

Pharmacy

Estd : 2019

Pharmacists provide optimal management of medication for chronic diseases such as diabetes, asthma, hypertension, etc. The collaboration of healthcare professionals, such as physicians and pharmacists, can help to ensure that patients properly take their medications as prescribed and avoid any harmful effects.

Pharmacy graduates provide education, information and recommendations to the individual and populations concerning medications and medication use to ensure optimum and cost-effective patient care and to promote health.

Director's Message

Dear students

I am delighted to welcome you all to one of the premier pharmacy institution in the state of Uttar Pradesh for higher learning.

We assure you a nurturing and caring environment that will see all of you blossom into empowered and sensitive human beings.

We feel proud to provide quality education by equipping our students with skills, confidence and a positive approach with an all round development.

The College has highly qualified, committed and experienced teaching faculty members who facilitate the students to keep abreast with academic challenges and developments. Our teaching-learning methods encourage inter-disciplinary approaches through innovation projects, conferences, seminars and workshops.

Diploma and Undergraduate Students of our institution are achieving Honor and Accolades in the Uttar Pradesh BTE & AKTU examinations.

Over the years, College Placement Cell made tremendous efforts for impressive recruitment of the students in industrial and health care sectors.

DR. K. K. CHAGTI

M.Pharm., Ph.D.

Pharmacy

Modern Mahavidhyalaya Society founded Modern College of Pharmacy- (MCP) in 2018, with the introduction of D. Pharm (Diploma in Pharmacy) course, B. Pharm (Bachelor in Pharmacy) was added in 2020, with a zest for spreading Quality healthcare education. True to our tradition, MCP, with its motto of 'Redefining Pharmacy Education' has been dispensing cutting edge knowledge in this highly sophisticated field of drug development and delivery, promoting in the process, a crop of well qualified and socially conscious alumni are ready to make a mark in the Pharmaceutical field. The college is in urge to earn a number of laurels for its splendid achievements and contributions to the society.

The college is equipped with the best Infrastructure and Equipments, which has been instrumental in creating the awesome credibility in a very short span of its existence. We believe that having established our credentials in the field of education, we need to take our commitment forward through introducing newer and higher avenues for the budding pharmacy students. Our aim is to imbibe the good work practices as well as research culture and professional attitude amongst the student fraternity to make them able and competent to contribute to the ultimate goal of having healthy India.

Career Scope after Pharmacy Programmes (D.Pharm, B.Pharm)?

The people willing to work in high thriving and evergreen health sector, must engage in the study of pharmacy courses like D.Pharm & B.Pharm. They offer a gamut of career opportunities including:

Consultant Pharmacists

Clinical Pharmacist

Dispensary Manager

Dispensary Pharmacist

Community Pharmacist

Hospital Pharmacist

Medicines Safety Manager

Medicines Management Technician

Pharmacy Assistant

Senior Clinical Pharmacists

Drug Inspectors

Producer Manager

Production Manager

Manufacturing Chemist

Analytical Chemist

Academician

Level	Duration	Eligibility	Seats
Diploma in Pharmacy (D.Pharm)	2 Years	50% Marks in PCB/PCM in 10+2	60
Bachelor in Pharmacy (B.Pharm)	4 Years	50% Marks in PCM/PCB in 10+2	60
Bachelor in Pharmacy (Lateral Entry)	3 Years	50% Marks in D.Pharm.	6

Program Outcomes

Pharmacy Knowledge: Possess knowledge and comprehension of the Core and basic knowledge associated with the profession of pharmacy, including biomedical sciences; pharmaceutical sciences; behavioral, social, and administrative pharmacy sciences; and manufacturing practices.

Planning Abilities: Demonstrate effective planning abilities including Time Management, Resource Management, delegation of skills and organizational skills. Develop and implement plans and organize work to meet deadlines.

Problem analysis: Utilize the principles of Scientific enquiry, thinking analytically, clearly and critically, while solving problems and making decisions during daily practice. Find, Analyze, Evaluate and Apply Information Systematically and make defensible decisions.

Modern Tool Usage: Learn, Select, and Apply appropriate methods and procedures, resources, and Modern Pharmacy-related computing tools with an understanding of the limitations.

Leadership skills: Understand and consider the human reaction to Change, Motivational issues, leadership and team-building when planning changes required for fulfillment of practice, professional and Societal responsibilities. Assume participatory roles as responsible citizens or leadership roles when appropriate facilitates improvement in Health and Wellbeing.

Professional Identity: Understand, Analyze and communicate the value of their professional roles in society (e.g. Health care professionals, Promoters of Health, Educators, Managers, Employers, employees).

Pharmaceutical Ethics: Honour personal values and apply ethical principles in professional and social contexts. Demonstrate behavior that recognizes cultural and personal variability in values, communication and lifestyles. Use Ethical frameworks; Apply Ethical Principles while making decisions and take responsibility for the outcomes associated with the decisions.

Communication: Communicate effectively with the Pharmacy Community and with society at large, such as, being able to comprehend and write effective reports, make effective presentations and Documentation, and give and receive clear instructions.

The Pharmacist and society: Apply reasoning informed by the contextual knowledge to assess Societal, Health, Safety and Legal issues and the consequent responsibilities relevant to the professional pharmacy practice.

Environment and Sustainability: Understand the impact of the professional pharmacy solutions in societal and environmental contexts, and demonstrate the knowledge need for sustainable development.

Life-long Learning: Recognize the need and have the preparation and ability to engage in Independent and Life-Long learning in the broadest context of technological change. Self assessment and using feedback effectively from others to identify learning needs and to satisfy these needs on an ongoing basis are our aims.

Proper management makes group effort more effective. It enables the employees to move cooperatively and achieve goals in a coordinated manner. Management also creates teamwork and motivates employees to work harder and better by providing necessary guidance, counselling and effective leadership.

At Modern College Jhansi we equip and enable students to

1. Optimum Use of Resources
2. Effective Leadership and Motivation
3. Establishes Sound Industrial Relations
4. Achievement of Goals
5. Improves Standard of Living
6. Creates Prosperity
7. Motivates Employees
8. Fulfilling Social Objectives
9. Coordinates Activities
10. Cost Reduction
11. Maintains Dynamic Equilibrium and Others.

Director's Message

Welcome to Modern College Jhansi (MCJ). Today, we stand at a unique moment in time and we should understand the challenges that lie ahead of us. With Management Education at its Pinnacle, we must strive to equip leaders of tomorrow with the competence, ability and character to address emerging Global Business and Social Challenges.

Cataclysmic changes, Intense Competition, Uncertain Business Cycles and Difficult Geo-Political Terrain have made Today's Business Environment very dynamic and unpredictable. With Liberalization, Privatization, Globalization and Internet have change the Worlds scenario is still dully put in leaps and bounds. Even Business today is also energized continuously by powerful forces of change such as Developments in Science and Technology, New Entrants fighting to have their share in the Market Place; a Flurry of New and Innovated Products and Services in Industry after Industry the IT revolution reducing the global market to a Hamlet. The work of Today's manager is not restricted to manage only his/her product or service and market. Rather he/she has a large responsibility to assume the role of an organizational leader in such environments which is extremely challenging but rewarding as well. Such leaders in today's environment need to acquire specialized knowledge, skills and attitudes so as to have a cutting edge vis-à-vis their competitors.

Against this philosophy, we at MCJ execute Our Programme with the belief that Today's Managers need to inculcate in themselves an analytical orientation to understand and analyze complex business situations while at the same time possess an action Orientation and an Administrative point of view. The Curriculum at MCJ is anchored to foster a much deeper intellectual exploration to meet the requirements of Trade and Industry and Society as well. Our training and programme are guided by our Vision, Mission and Core Values.

I welcome you to navigate through our website to learn more about the Institute and its activities.

Dr. Praveen Gupta

Course

MBA

The basic objectives of this M.B.A. institute are as follows:

To provide the country a steady stream of competent young men and women with necessary knowledge, skills, values and attitudes to occupy positions of management and administration in business, industry, public system and the government.

To impart the students latest and relevant knowledge from the field of management theory and practice.

To provide opportunities to the students for developing necessary managerial skills.

To impart/ develop the right kind of values and attitude to function effectively in Managerial/administrative positions.

In the second year, a student shall select two subjects, from the following Functional areas:-

MBA in Marketing Management

MBA in Financial Management

MBA in Information Technology

MBA in International Business

MBA in Operations Management

MBA in Human Resource Management

To complete curriculum with one as major subject and other as minor specialization subject.

E-mail : modernarchitecturejhs@gmail.com

Web : www.moderncollegeofengineering.in

Architect builds environment that influence people's lifestyle and culture. An architecture school keeping this as central theme will prepare students to take this interactive role with community seriously and not work in isolation in their office.

At MCE college of Architecture we are also addressing context of practice in Kerala and also at national and international arena. The energy displayed by young architects in Kerala is very contagious and need to be reinforced further by bringing in pedagogy with some customized workshops, seminars and exhibitions showcasing from time to time local talents in practice of architecture.

At MCE college of Architecture we also encourage diversity and encourage faculty as well students to come from different parts of India and also abroad. This creates a unique plurality and ideas and perspectives coming from different people create refreshing atmosphere to study and be in MGI campus.

Apart from core faculty of studying architecture we also give enough emphasis to bring latest software and industry standards in computer applications to students so that they are up to date in all aspects of practice. Students are encouraged to explore different ideas of building like sustainability, local construction practices or hi-tech building with state of art building management systems. Students are encouraged to explore everything and check what appeals to their personality and pursue those in their practice and master's program vigorously.

Director's Message

I take this opportunity to congratulate you all on your decision to choose Architecture as your field of study. Being an Architect requires a lot more than just academics. It requires self improvement, in all disciplines, like the ability to think, ability to dream, ability to evaluate, ability to visualize, ability to make decisions, ability to communicate effectively, and I could just go on. But the best part is that, these are abilities that can be acquired. And these, when acquired take you to the next level.

If that thought excites you as much as it excites me, I just know that you are prepared for the challenge. It will be our constant endeavour to keep upgrading our skills and knowledge to be able to guide you, to understand the ever-evolving field of Architecture. And in the process, help you become true professionals.

At MGI we offer a dynamic teaching and learning environment, a well-qualified and industry experienced lecturing team and an educational setting that promotes and rewards learning endeavours.

As an educator I understand that you entrust us with your dreams and future. Whether you are in the First year or the higher classes, I take this responsibility very seriously and will put in all the effort to guide you, to reach your greatest potential.

AR. SHAIKALI THAKUR

Bachelors of Architecture (Five Year Programme)

Architecture is concerned with understanding about the interaction between technology, design, society and the built environment. You will develop analytical and creativity skills and spatial aptitude. The bachelor's degree programme in Architecture covers a broad range of topics, introducing you to different professional fields.

What sets students of architecture apart?

There is increasing recognition of architecture as one of the top intellectual disciplines, an art form, and a technical profession intimately linked with the single largest sector of investment in the economy. Architects are called upon to design and execute building projects and resolve other issues related to the manmade environment in a variety of settings. Bachelor of Architecture programme aims at attaining a high level of contextual excellence in architectural design. Both theory and studio exercises are viewed as the core of the programme with crucial inputs being provided by experts specializing in the fields of arts, humanities, engineering and technology, and professional practice of architecture.

The five year course is divided wherein the first stage consists of three years of full time study followed by practical training in professional offices or at construction sites for 16 weeks. The second stage consists of full time study for 2 years, whereby each student is required to write a research based dissertation, prepare for a seminar and next consecutive semester present a design thesis along with the advanced level of compulsory and elective theory courses.

Admission Procedure

1. For admission to first year of B. Arch., a candidate must appear for UPSEE examination.
2. For admission to first year of B. Arch., a candidate must have passed (with/without grace) intermediate examination of U.P. Board or 10+2 level examination or its equivalent with atleast 50% aggregate marks in Physics, Chemistry and Mathematics and also obtaining atleast 50% marks in aggregate of the qualifying examination OR passed 10+3 Diploma Examination with Mathematics as compulsory subject having obtained at least 50% marks in the aggregate.

TERMS AND CONDITIONS FOR ADMISSION

1. Non-Refund of Fees: All fees once paid are not refundable for any reason whatsoever. Only Security Deposit will be refunded after making necessary adjustments as required.
2. Cancellation of Admission: MGI reserves its right to cancel the admission of successful candidate under any of the following circumstances:
 - (a) If the fees is not deposited by the stipulated date.
 - (b) If the candidate does not join the particular programme by the stipulated date even though the fee has been deposited.
 - (c) If the candidate fails to furnish the proof of the stipulated minimum qualifications.
 - (d) If any instance of unfair means is found after admission.
 - (e) If any of the document(s) submitted by you to Institutions is found to be forged, fabricated or false during the period of your study, your admission shall be cancelled immediately and fees shall be forfeited. In case you complete the course and obtain the degree on the basis of documents which are later found to be forged, fabricated or false, at any point of time, your degree shall be cancelled/ recalled.
- 2.1 Provision of Non-Refund of Fees under Clause 2 will also apply in cases under Clauses 2 (b) and (c).
3. Right of Alteration/Modification:
 - (a) MGI reserves its right to alter or modify the structure of any of the programs to attain the objective of excellence.
 - (b) MGI reserves its right to change the provided Fee Structure.
 - (c) MGI reserves its right to modify, alter and/or include any other Terms and Conditions that may be deemed fit in the interest of the Institution.
4. Student Agreement Clause:
 - a) I shall immediately inform Institutions the in writing if there is any change to the information I have provided in this application
 - b) I authorize the Institutions to issue details provided in this application form to any agency in the event of averification or other statutory requirements
 - (c) I am fully aware and accept the responsibility for all expenses towards my education and living while studying in the Institutions.
 - (d) I agree to abide by the visa regulations and any other requirements as applicableAll successful candidates shall be bound by the above-mentioned Terms & Conditions of Modern Group Of Institutions.

APPLICATION INSTRUCTIONS

We have exceptionally high standards for the talent that we take in to our programmes. Superior leadership qualities, communication and interpersonal skills, commitment, problem-solving ability, Value driven mindset, professionalism, flexibility, motivation and sharp intellectual curiosity are expected.

- You are advised to keep a photocopy of the complete application form.
- Incorrectly filled, incomplete, unsigned forms & forms received after due date will be rejected.
- Forms once rejected will not be reconsidered & form cost will not be refunded.
- You cannot apply more than once for the same programme in one admission year.
